

Questions to be Addressed

- Why was the recommendation selected as a preferred approach?
- How does the recommendation align with WorkFirst core assumptions?
- How will the recommendation impact or contribute to federal participation requirements?
- How will the recommendation help address poverty in Washington State?
- How will services be delivered?
- What changes will this require in terms of staff skills and competencies?
- What outcomes do we expect, and how will we measure success?
- Is the recommendation affordable and sustainable?
